

INTD 150: Library and Internet Research
Week 2 – In-class Assignment

Name(s):

1. Gain basic knowledge on a topic of your choosing (one minute's working knowledge – if I ask you to, you should be able to speak about your topic for one minute) using techniques discussed in the lecture. Use the back of this paper for notes (and include sources). As you gain this knowledge, fill in the chart:

2. Provide a more thoughtful research question that incorporates the aspect. Explain why the question does not suffer from the four main research question flaws we discussed and you read about (pages 58 & 59 – there is also a more in-depth discussion on these in the Appendix).
[Hint: the Aspect from above should form part of your research question]
